

Fact Sheet: SRTA Transit Funding

This funding includes an allocation of three types of funds to each city and the county. These are State Transit Assistance (STA) funds, Local Transportation Funds (LTF), and Federal Transit Administration (FTA) funds. State Transit Assistance and Federal Transit Administration funds can only be used for transit. Local Transportation Funds are then used for any remaining transit needs in the jurisdiction. Once transit costs are covered, any remaining Local Transportation Funds may be used for other transportation purposes, including streets and roads.
